

CIRCULAR

To : **All Business Units/Clients/Consultants/Contractors**

Date : 1st October 2019

Our Reference : CEDGR-90

Subject : **Migration of ePermit/eSite services to current Trakhees eServices Platform**

As part of continual improvement of online services, Trakhees Civil Engineering Division (CED) is pleased to announce migration of its ePermit and eSite services to its current eServices platform: <https://online.trakhees.ae>

With effect from **2nd October 2019**, registered Consultant will be able to apply - Project Registrations, Structural Inspections, CED NOC(s) and Accreditation requests - all from the same online portal without the need to maintain multiple login credentials.

Project Registration:

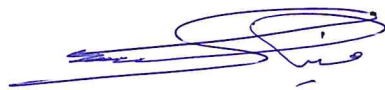

- 2nd October 2019 onwards, all new Project registration request shall be initiated through Trakhees eServices portal.
- Active projects registered in ePermit website will be migrated to Trakhees eServices portal for initiation of new Structural Inspection requests.
- Read access to previously registered Projects on ePermit website will be available till 31st December 2019 for needed reference.

Structural Inspections:

- Considering adaptation time for existing users, **up to 31st October 2019** - Structural Inspection requests can be initiated from either 'ePermit' OR from CED Online Services under Trakhees eServices portal.
- **2nd November 2019** onwards, provision for initiating new Structural Inspection requests will only be available under Trakhees eServices portal.
- Read access to previously registered Inspection Request on ePermit/eSite website will be available till 31st December 2019 for any needed reference.

Kindly note that access to ePermit/eSite website (<https://ced.dubaitrade.ae>) will be not available after 30th. Dec. 2019.

Your cooperation in achieving smooth service transition will be highly appreciated.

Eng. Muneera Hussain M. Rasheed
Director (Act.) – Trakhees Civil Engineering Division
Port, Customs and Free Zone Corporation
