NOTES									
 Survey has to be done by a survey company (for Consultant / Contractor without on board Surveyor) registered in Dubai Municipality (DM) and Dubai Department of Economic Development (DED). Survey has to be based from Dubai Local Transverse Mercator (DLTM) System. Survey has to be done using Global Positioning System (GPS) connected to DM Dubai Virtual Reference System (DVRS) and can be supported by a total station, as necessary / required. ROW and road centerline (for multiple utility development) to be demarcated (start, end points and turning points / bends and in every 100 meters) prior to site inspection as per Trakhees-CED Planning approved drawing. Way leave / route (for single utility project) to be demarcated (start, end points and turning points / bends and in every 100 meters) prior to site inspection. Consultant / Contractor to obtain Trakhees-CED Planning Department approval for any revision. 									
DISCLAIMER AND SIGNATURE									
 We hereby acknowledge that Absence of Surveyor and Contractor/Consultant at site during the agreed/scheduled site inspection will be subject to imposing relevant penalties in compliance with Trakhees-CED violation procedures. We hereby confirm that all information and documents provided in this application comply with Trakhees Regulations and Standards. If any delay occurs due to incorrect information provided by us in the submitted application we hold ourselves solely responsible for the delay. We are liable for any legal obligations which may occur due to invalid / tampered documents being submitted along with this application.
