

**CIRCULAR: EHS/CS/02/13**

**Dated: 11<sup>th</sup> June 2013**

**To: Concerned Contractors/Consultants/Clients Operating- Under Trakhees Jurisdiction.**

**Subject: Safety Compliances to avoid Noise Pollution at night shift activities.**

This Circular is made to draw the attention of all addressees that EHS-Trakhees receives repetitive complaints with regard to Noise pollution particularly from the night shift activities in the construction sites and also from the activities relating to maintenance, building modifications & refurbishment etc. As all these activities are causing nuisances to the residents or commuters in the “Trakhees Jurisdictional areas”, All the consultants/Contractors & Clients including the Developers are advised to take reasonably practicable measures to keep the noise level under the acceptable limit & as per the EHS regulations i.e. **CS - 5.0: Construction Safety Regulations for Environmental Nuisance.**

Please be informed that EHS inspectorates conduct periodic inspections to ensure regulatory compliance as appropriate & the violators working without NOC issued by EHS & unable to control the noise level within acceptable limits will be liable for disciplinary actions without any further reference.

Notwithstanding the above, Trakhees-EHS advise all the concerned to adhere to the EHS regulatory compliance requirements & co-operate in achieving full compliance towards maintaining Safe & Healthy environment within the jurisdiction of Trakhees

For further Inquiry please visit our website ([www.trakhees.ae](http://www.trakhees.ae)) & refer to EHS Services - Section 4.29 of Construction Safety Regulations)

Thank you in advance for your prompt compliance and cooperation.

Sincerely,

**Eng. Madiha Salem**

Director- EHS

Environment, Health and Safety – Trakhees
