

SAFETY CIRCULAR NO. 03/ 2009

TO : All Business Units of Dubai World
Project Managers, Consultants, Contractors

CC : Amin Al Mulla – Chief Operating Officer EHS-Trakhees
Abdulla Belhoul – Director Projects - CED - Trakhees

SUBJECT : Reminder to EHS Circular Ref. SP-007 – 2007 for Warning Lights

DATE : 15 April 2009

This is to remind all clients, consultants and contractors to strictly adhere to above EHS Circular with regard to Dubai Municipality Circular Ref. 812/02/02/3/7183 dated 04.04.2007

Contents for the circular are

Kindly note that the following minimum requirements must be implemented at the site immediately:

- *All tower cranes above 30 m height must be fitted with flashing lights*
- *All mobile cranes with boom length of 30 m or more must be fitted with warning lights and must be ON while the crane is working*
- *All building structures with height of 60 m or above must be fitted with flashing lights (both finished and under construction buildings)*
- *All work places / concreting works with night activities must be provided with sufficient lights*
- *All the stationery warning / flash lights must be ON 24 HOURS even on holidays*
- *All consultants must assure the compliance of all the above at their respective sites*

Failure to comply within next 14 days will result in EHS taking further action without further reference.

Dubai World Business Units are required to communicate to their clients for necessary action.

Regards,
PP

Mohammed Al Shaer
Senior Manager - Construction Safety
