

SAFETY CIRCULAR NO. 04/ 2009

**TO : All Business Units of Dubai World
Project Managers, Consultants, Contractors**

**CC : Amin Al Mulla - Chief Operating Officer EHS
Civil Engineering Department - Trakhees**

SUBJECT : EHS New Certificate of Conformity - COC for Marine Construction

DATE : 25th May 2009

All main contractors and consultants are hereby advised that with immediate effect EHS have introduced a new COC procedure for Marine Construction. For all future Marine Construction, the requirement for a COC applies.

The new form covers the specific health and safety requirements of Marine Construction works. The completed form must be signed by the main contractor and consultant/client and endorsed by their respective company's stamp. This form must be submitted to EHS for processing. EHS will then inspect the site and check compliance with the items listed on the form. Where the contractor meets all the requirements a COC will be issued.

The COC form, procedures, flow chart and matrix are posted on our website www.ehss.ae. All contractors / consultants / clients should note the requirements and ensure compliance. Dubai World Business Units are required to communicate to their consultants / contractors for necessary action.

Regards,

**Mohammed Al Shaer
Senior Manager - Construction Safety**
