

## Guidelines – Standards Reference

Issued by: Inspection Department – Operations Section

### Alphabetical Subject Index

S. No.	Standard Subject	UAE / Gulf Standard No.
1	ABATTOIRS Hygienic regulations	713
2	ABRASIVE WHEEL MACHINES Safety	70
3	ACETYLENE Industrial Safety and health regulations Transportable containers	56 56
4	AFLATOXINS Maximum limits of mycotoxins permitted in foods	841
5	AIR POLLUTION see pollutant gases	
6	AMMONIA Liquid Safety	483 59
7	ASBESTOS CEMENT Flat sheets Pipe fitting Pipes, for sewage	487 481 33
8	ASHTRAYS Plastics	476
9	BABY FOODS Based on milk, potassium, phosphors and manganese, determination Breast-milk substitutes Canned Chemical analysis Infants foods based on milk Formula based on milk, pantotuenic acid, determination Powdered, cereal and legume based Sampling methods	786 223 355 181 354 793 677 180
10	BAKER'S YEAST Test Methods	264
11	BAKERY PRODUCTS Biscuits Biscuits, test methods Cakes	989 990 342

## Guidelines – Standards Reference

	Cakes, test methods	341
12	BAKING POWDER Test methods	291
13	BATTERIES Lead acid starters Lead acid starters, test methods	34 35
14	BEANS Beans Frozen green beans	1036 344
15	BEEF Fresh, chilled and frozen	997
16	BLANKETS Acrylic blankets, test methods	753
17	BOILERS Code of practice, part 4: Comprehensive procedure for thermal performance tests Industrial Safety and health regulations Requirements part 8	374 215 1338
18	BUILDING AND CONSTRUCTION WORK Industrial safety and health regulations	215
19	BUILDINGS Building facilities, safety Fire protection, safety Heat insulation Modular coordination Sanitation, safety and health	79 208 977 406 54
20	BURGER MEAT	948
21	BUSES see motor vehicles Pilgrim buses, safety requirements	967
22	BUTANE – PROPANE MIXTURE Commercial, household	672
23	CAKES Mixes Test, methods	342 852 341
24	CAMEL Fresh, chilled and frozen meat	834
25	CANNED FOODS Baby foods Chickpeas	355 838
26	CARBONATED DRINKS Carbon dioxide content determination Phosphoric acid content determination	18 12 14
27	CARCINOGENS Industrial safety and health regulations	211
28	CARGO HANDLING	

---

 Guidelines – Standards Reference

	Industrial safety and health regulations	82
29	CEMENT Hydraulic, chemical analysis	938
30	CENTRIFUGAL PUMPS Performance tests	288
31	CEREALS Cereals and pulses – Part 2: sampling Hidden insect infestation, sampling Samollina Storage, control of attack by pests	952 952 843 721
32	CEREAL FLOUR Enriched and enriched treated wheat flour Enriched and enriched treated wheat flour, test methods	194 193
33	CEREAL FOOD PRODUCTS Corn flakes Corn flakes, test methods Macaroni, spaghetti and vermicelli Macaroni, spaghetti and vermicelli, test methods Plant baby foods, sampling methods Sampling methods (as grains)	259 258 163 164 180 245
34	CHEESE Cheddar cheese Chemical analysis Processed, with vegetable oils White, domiati and feta cheese	336 171 182 831
35	CHEMICAL PLANTS Industrial safety and health regulations	65
36	CHEWING GUM Test methods	709 708
37	CHICKENS Chilled Frozen Chilled fish	322 986 380
38	CHICKPEAS Canned	838
39	CHLORINE Liquid, sampling Liquid, water content determination	528 534
40	CHLOROFLOUROCARBONS For industrial use For industrial use, degree of purity determination	110 109
41	CHOCOLATE	567
42	CIGARETTES see also tobacco and tobacco products Alkaloid determination Carbon monoxide determination	597 101 292

## Guidelines – Standards Reference

	Sampling	598
	Smoking machine-definitions and standard conditions	103
43	COFFEE Caffeine content determination Green coffee beans Green Coffee in bags, sampling Vocabulary	720 442 410 850
44	COLD STORAGE Fruits & vegetables, physical condition in cold stores Oranges Pears	434 225 321
45	COLORANTS (FOOD) Test methods	23 22
46	COMPOST Municipal solid waste	901
47	COMPOUND FERTILIZERS Test methods	879
48	COMPRESSED GAS Safety	61
49	COMPRESSED GAS EQUIPMENT Safety	215
50	CORN Puffed Puffed, test methods	784 784
51	CORNED BEEF Canned	504
52	CORN FLAKES Test methods	259 258
53	CRUDE OIL Standard test for cloud point	560
54	CUSTARD Powder	853
55	CYLINDERS Dissolved acetylene, basic requirements	744
56	DATES Prepackaged Whole, pre-packed, test method	656 781, 657
57	DETERGENTS Anionic – active matter Liquid detergents for dish washing, test methods Sampling division Synthetic powdered detergents	391 256 151
58	DIAMMONIUM PHOSPHATE Fertilizer	694
59	DICHLORODIFLUOROMETHANE	

## Guidelines – Standards Reference

	See chlorofluorocarbons	
60	DICHLOROTETRAFLUROMETHANE See chlorofluorocarbons	
61	DRIED FOODS Conditions of storage	168
62	EDIBLE OILS AND FATS Storage, transport and handling Vegetable, Blended Vegetable ghee	1018 658 991
63	EGGS Chemical testing Chicken	445 1002
64	ENVIRONMENTAL CONTROL Industrial safety and health regulations	209
65	EXPIRATION PERIODS Food products, part 1 Food products, part 2	150 1023
66	EXPLOSIVES Dusts, explosives and blasting agents, safety and regulations Transportation of explosive substances	210 975
67	FERTILIZERS Ammonium sulfate Diammonium phosphate Compound Compound, test methods Monoammonium phosphate Organic Organic, test methods Singly super phosphate Super phosphate, test methods Triple super phosphate	297 694 803 879 693 555 556 339 878 745
68	FIRE EXTINGUISHERS Dry chemical powder, multipurpose Portable, dry powder Portable, foam	340 637 636
69	FIRE PROTECTION Buildings safety	208
70	FISH Canned pacific salmon Chilled Handling fresh fish at sea, general specification Hygienic practice for preparation and storing Microbiological tests Physical and chemical tests Shrimps, frozen Smoked	524 380 514 1026 655 589 582 270

## Guidelines – Standards Reference

71	FLAMMABLE AND COMBUSTIBLE LIQUIDS Container and portable tank storage, safety Industrial and bulk plants, Safety Service stations, processing plants, Refineries and chemical plants, safety Tanks, piping and accessories, safety	63 64 65 62
72	FLAVORINGS Use in foodstuffs	707
73	FLAVOURED ARTIFICIAL Powders	848
74	FLOURESCENT LAMPS Ballasts for high pressure mercury vapor lamps Ballasts, for high pressure mercury vapor lamps, test methods	368 369
75	FOOD ADDITIVES See also sugar (food) Food preservatives. Antioxidants Coloring matter Coloring matter, test methods Emulsifiers, Stabilizers, thickeners In vegetable oils and fats In vegetable oils and fats, test methods Sweeteners, determination of	357 23 22 381 19 17 840
76	FOOD FLAVORINGS	707
77	FOOD HYGIENE Fresh meat	815
78	FOOD PACKAGING Packages, General requirements Plastics cups and containers for packing beverages	838 462
79	FOOD PRESERVATIVES Benzoic acid, sodium benzoate and potassium benzoate Benzoic acid, sodium benzoate and potassium benzoate, test methods Permitted for use in foodstuffs Salts of sulphurous acid Salts of sulphurous acid, test	172 173 356 175 176
80	FOOD PRODUCTS See also baby foods, bakery products, cereal food products, eggs, flour, honey, meat and meat products, processed foods, vegetable fats and oils, vegetable. Expiration periods, part1 Expiration periods, part 2 Omycotoxins, maximum limits permitted aflatoxins Prepackaged foods, labeling Transportation and storage of chilled and frozen foods	150 1023 841 9 323
81	FOOD TESTING Antioxidants permitted for use in food products	795

## Guidelines – Standards Reference

	Bakeries yeast and inactive dried yeast	264
	Black and white pepper, determination of pipeline content	819
	Cereals, determination of falling number	792
	Cereals and pulses, determination of mass of 1000 grains	791
	Fruit and vegetable determination of soluble solids content	1004
	Fruit and vegetable determination of sorbic acid	347
	Fruit and vegetable determination of specific gravity, pectin, pentosans	260
	Meat and meat products, glucono-delta-lactone content determination	108
	Meat and meat products, - I (+) – glutamic acid content determination	105
	Meat and meat products – I (-) – hydroxyproline content determination	106
	Vegetable fats and oils, fatty acids determination, part 2	275
	Vegetable products, chloride content determination	313
	Vegetables, canned, microbiological tests	178
	Vegetables, canned, physical and chemical tests	177
82	FOOD TRANSPORTATION	815
83	FRESH VEGETABLES	
	Onions	1030
	Potatoes	1029
	Sampling methods	125
	Vegetables marrow	1033
84	FREEZERS	
	Household electric freezers	923
	Household electric freezers, test methods	924
85	FRIED POTATOES	286
	Test methods	285
86	FROZEN FOODS	
	Mutton and goat meat	996
	Peas	345
	Shrimps	582
	Spinach	811
	Strawberries	415
	Temperature of frozen foods, determination	324
	Transportation and storage	323
87	FRUIT DRINKS	
	Flavored artificial powder	848
	Fruit drink	794
88	Fruits	
	Net weight and drained weight determination	244
	Water insoluble solids contents determination	239
	Water melon	1035
89	FRUIT NECTARS	

## Guidelines – Standards Reference

	Mango nectar	249
	Mixed fruit nectars	846
90	GAS CONTAINERS	
	Pressure regulations, LPG.	586
	Pressure regulations, LPG, test methods	587
91	GAS CYLINDERS See cylinders, Personnel requirements for professions	472
92	GASES See hazardous materials	
	Dissolved acetylene	557
	Dissolved acetylene, test methods	559
	Liquefied petroleum	672
	Liquefied petroleum, test methods	673
	Oxygen, medical use	563
	Oxygen, medical use, test methods	564
	Oxygen industrial	139
	Oxygen industrial, test methods	138
93	GLUTEN-FREE FOODS	1021
94	GOAT MEAT	
	Fresh, chilled and frozen	996
	Organs and viscera	835
95	GRAIN (FOOD) See cereal, food Products,	
96	GRAPE FRUIT JUICE	490
97	HAZARDOUS Materials See also industrial safety and health regulations	
	Bulk plants, safety	64
	Gases, hydrogen, safety	57
	Gases, LPG, safety	60
	Gases, nitrous oxide and oxygen, safety	58
	Spray finishing paints	66
98	HEALTH AND SAFETY REGULATIONS See industrial safety and health regulations	
99	HONEY	147
100	HYGIENE	
	Food plants and personnel	21
	Poultry abattoirs, personnel	713
101	INDUSTRIAL SAFETY AND HEALTH REGULATIONS	
	Equipment, forging machines	
	Equipment, machinery, general requirements	71
	Equipment, materials handling	124
	Equipment, machinery, power press	214
	Equipment, mills, plastic and rubber industry	72
	Petroleum industries	75
	Processing paints	74
	Refineries	65
	Service station	65

## Guidelines – Standards Reference

	Tanks, flammable materials	65
	Vehicle mounted work platforms	62
	Welding, cutting and brazing	80
		220
102	JAMS	640
103	JELLIES	193
104	LABAN AND LABNEH	816
105	LABELING	
	Pre-packaged foods	9
	Tobacco products	246
106	LAMPS	
	Ballasts for high pressure mercury vapor lamps	369
	High pressure mercury vapor lamps	829
107	LEAD ACID BATTERIES	34
108	LIVESTOCK TRANSPORTATION	714
	Sheep & goat	
109	LUBRICATING OILS	
	Demulsification number determination	131
	Diesel oil	477
110	MACARONI	163
	Test methods	164

114	MANGOES	
	Canned	951
	Guide to storage	847
115	MARMALADES	640
116	MEAT	
	Ash determination	993
	Beef and buffalo fresh, chilled and frozen	83
	Starch content determination	89
	Total fat content	85
	Total phosphorus content determination	107
117	MICROBIOLOGICAL TESTING	
	Cheese	179
	Detection of salmonella	287
	Drinking and mineral water	818
	General guidance	810
	Preparation of samples	261
	Sterility test	590
	Water non-routine tests	378
118	MILK	

## Guidelines – Standards Reference

	Detection of salmonella	994
	Dried	10
	Liquid, microbiological tests	571
	Physical and chemical analysis	570
	Raw	174
	Sampling methods	569
	Sterilized	985
119	MILK PRODUCTS	
	Cream	651
120	MINERAL WATER	
	Bottled natural	987
	Determination of arsenic	117
	Determination of barium	154
	Determination of borate	642
	Non-routine microbiological tests	379
	Sampling	111
	Un-bottled drinking water	149
121	MONOAMMONIUM PHOSPHATE	
	Fertilizer	693
122	MUTTON See also meat	
	Fresh, chilled and frozen	997
123	MOZZARELLA CHEESE	833
124	OCCUPATIONAL SAFETY	
	See industrial safety	
125	ORGANIC FERTILIZERS	555
126	PACKAGING	
	Food Packages	839
	Plastic bottles for chemical materials and products	132
	Plastic cups for beverages	462
	Polyethylene films used for packaging non-foodstuffs	393
127	PERSONAL PROTECTIVE EQUIPMENT See industrial safety and health regulations	
128	PETROLEUM INDUSTRY See also refineries	
	Safety	74
129	POLLUTANT GASES	
	Motor vehicles, diesel engines, exhaust gaseous pollutants determination	414
	Motor vehicles, diesel engines, limits of pollutants emitted to the atmosphere	144
