SUSTAINABILITY DEPARTMENT

CIRCULAR: EHS/DO/007/15

TO : G All Business Units Of Dubai World, Their Clients , Green Building Consultants, Architectural & Engineering consultants, Contractors and relevant stakeholders

SUBJECT : EHS Accreditation / Training on Regulatory Compliance
Green Building Regulations for Warehouses and Industrial Developments

DATE : 27 May 2014

Greetings from Trakhees-EHS!

This is in continuation to our circular EHS/GB/06/12 dated 4 September 2012 on the subject.

EHS would like to reiterate that it is mandatory to complete this program to be eligible to for making green building submissions during NOC-BP and NOC-BCC stages for this regulation. Proof of completion of the program should be submitted to EHS along with the submission package. Details of the program are as tabulated below

Course Title	Duration	Who should attend
EHS Accreditation / Training on Regulatory Compliance – Green Building Regulations for Warehouses & Industrial Developments	1 Day Program (8.00 AM to 3.30 PM)	Project Managers, Architects, Engineers, Main Contractors, Project Coordinators, Sub Contractors & other relevant professionals involved with design and construction activity

EHS therefore requires all contractors, consultants and relevant stakeholders to make necessary arrangements to get their staff accredited / trained with immediate effect. For Registration or Inquiry about this program including the schedule, please email us on EHS.Accreditation@Trakhees.ae or contact EHS Accreditation at 04 806 8888.

As you are aware, EHS rolled out its In-House developed “Green Building Regulations for Warehouses and Industrial developments” in Dec 2011. *Its significance rested on the fact that it was predominantly prescriptive, practical, appropriate and structured in a fashion that it could be administered by an experienced Architectural Engineering Consultant / Engineer of record.* The purpose of this elaborate accreditation program is to help the consultants and contractors in familiarizing with the nuances of the regulations and putting together a proper submission package that would enhance the overall regulatory process.

EHS-Trakhees is committed to providing quality regulatory services to our business units and clients in protecting the environment, human health and safety. As always, we look forward to your cooperation, support and a very successful working relationship.

Should you have any queries, please feel free to approach the Green Buildings department or contact us at EHS.GreenBuilding@trakhees.ae

Regards,

Eng. Madiha Salem
