SUSTAINABILITY DEPARTMENT

CIRCULAR: EHS/GB//06/14

TO : G All Business Units Of Dubai World, Their Clients , Green Building Consultants, Architectural & Engineering consultants, Contractors and relevant stakeholders

SUBJECT : Revision to Green Building Regulation GB 7.0 and associated Procedures

DATE : 18 June 2014

Greetings from Trakhees-EHS!

Further to the above please be informed that EHS has made minor changes to the above Regulation and the procedure with a view to bring consistency across other prescriptive regulations of EHS currently in vogue namely the ones for the warehouses and villas.

These changes are expected to bring uniformity in terms of the structure of regulations, the underlying sustainability criteria, the compliance strategies, and submission requirements besides making the process more comprehensible to the consultants, contractors and other stakeholders.

Details have already been uploaded into the portal under the respective sections. The broad changes are elaborated in the table below.

S.NO	DESCRIPTION	OLD	REVISED
1	Structure of the REGULATION	Basic template	Detailed and enhanced to include the intent, requirement, strategies and submission requirements
2	Categories	Rev 00 5 basic categories comprising energy, water, indoor air quality, lighting and control	Rev 01 The categories are now consistent with other Prescriptive regulations of EHS (I.e. GB 6.0 and GB 8.0) and covers the full spectrum from design phase to operations phase
